

Health and Safety Policy Statement

1. General Statement of Intent

- 1.1. The Company believes that excellence in the management of health and safety is an essential element within its overall business plan – a good health and safety record goes hand in hand with high productivity and quality standards.
- 1.2. People are the most important asset to this company, and therefore we are totally committed to ensuring their health, safety and welfare at all times.
- 1.3. From an economic point of view, the Company believes that prevention is not only better, but cheaper than cure. There is no necessary conflict between humanitarian and commercial consideration. Profits and safety are not in competition. On the contrary, safety is good business.
- 1.4. From a legal perspective, the Company is committed to ensuring that it complies with all relevant health and safety legislation. Where it is reasonably practicable to do so, the Company will strive to go beyond the requirements of legislation.
- 1.5. The Company is committed to on-going monitoring and review processes, so that continual improvement in the management of health and safety can be achieved.
- 1.6. We are committed to the principle of risk prevention and continual improvement where arrangements shall be developed and implemented, (so far as reasonably practicable) to systematically identify hazards, evaluate the risks and develop control measures and safe systems of work that will protect all stake holders including the general public, customers, employees, contracts, visitors, and other may be affected by our activities.

2. Our General Intentions are:
